Hiring Manager

ClipoAI

Dear Hiring Manager,

I am writing to express my interest in the Frontend Developer internship at ClipoAI for a six-month duration starting in January. As a 9th-semester Integrated M.Tech Bioengineering student at MIT ADT University, I have developed a strong foundation in full-stack development and am eager to apply my skills in a professional environment.

ClipoAI's innovative projects and commitment to leveraging technology for meaningful impact have always inspired me. I am particularly excited about the opportunity to contribute to and learn from your talented team. Through academic projects and personal initiatives, I have gained hands-on experience with technologies such as React, Node.js, Express, PostgreSQL, Git and so on, which I am eager to further hone during this internship.

I am confident that my technical skills, combined with my enthusiasm and willingness to learn, makes me a strong candidate for this role. I am passionate about software development and look forward to the possibility of bringing my skills and creativity to ClipoAI's team.

Thank you for considering my application.

Sincerely,

Devika Nair
